

## Elmvale Active Seniors Residence

Mass Email #7

2019.11.25

What a difference a year makes! On December 4<sup>th</sup>, 2018, many of you receiving this letter attended an important meeting in the Elmvale Community Centre. You listened to a group of local people trying to gauge the interest in building an affordable seniors housing project. The enthusiasm, support and encouragement from you people in the community inspired the group to form the Elmvale Active Seniors Residence. These folks have worked diligently throughout the past year, gathering information, doing research, reading and analysing reports and getting ready to move forward with the project.

Exactly one year later, December 4<sup>th</sup>, 2019, another important meeting will be held. This meeting will be in the Council Chambers at the Springwater Township offices near Midhurst. The Chairman of EASR, Sam Langman, will be presenting a report summarizing the work to date and requesting support from Springwater Council to begin the formal process of getting our project from “dream” to “reality”.

The ANNOUNCEMENT printed below will be appearing in the next edition of the Springwater News, but we wanted to tell you first, since you have demonstrated support since the beginning.

The excitement and anticipation within our group reminds me of the positive, energetic enthusiasm children experience as Christmas Day approaches. Kids can hardly wait to see what’s under the tree! Parents can hardly wait to see the kid’s reactions! We believe we have a wonderful project to unveil on December 4<sup>th</sup>. Come out and share in the excitement! For those of you unable to attend, we will be giving you an update in the near future.

Doug Jackson,

Communications Liaison

## Seniors Retirement Complex - Announcement

After several months of behind-the-scenes research and exploration, the Directors of the Elmvale Active Seniors Residence are ready to present our plans to the Springwater Township Council.

On **December 4<sup>th</sup> at 6:30 pm**, at the Springwater Township Administration Centre on Nursery Road, we will also be asking Council to lay out the steps needed to obtain an Official Plan Amendment, and Zoning change, in order to make the Seniors' Retirement Complex possible. The need for such a facility will be stressed, and also the urgency to facilitate the process as quickly as possible so that we can move forward. Conceptual drawings showing the proposed location, potential buildings, sample floor plans and parking layouts will be part of our presentation.

**You can help us.** We need to show Council and Politicians that all of the people of Springwater strongly support this most needed facility. To that end, we are asking as many people as possible to attend the meeting to show your enthusiasm for this project. Please spread the word and car pool with those who don't like to drive at night. We would like to see an overflow crowd.

Making a Seniors' Retirement Complex in Elmvale for all Seniors in Springwater a reality is going to take a huge combined effort from everyone. Just look around the village of Elmvale to see what great things can happen when we all work together.

Sam Langman E.A.S.R. Chairman
