April 12, 2023

TWO EVENTS!

Finally, after a long, long wait during the Site Plan Approval process, we are excited to announce two events where you can come to see some of the drawings and plans and meet some of the people who have been working hard to bring The Elms to Elmvale! John Dunn, our Sales and Marketing Manager, has already announced a **“Town Hall Meeting”** on **Monday, April 17**, beginning at **6:00 pm**, in the **Elmvale Community Hall**. John has prepared a PowerPoint presentation which will summarize our progress to date. He has the beginnings of a 3D Virtual Tour of both the site and one of the typical suites in Elm Flats, the Phase One building. He will be revealing the pricing structure of all of the suites and Garden Homes and will be outlining the process that will be followed and implemented immediately as people on the Waiting List are given the opportunity of getting a Life Lease on a brand-new unit in The Elms Retirement Village. Refreshments will be available during the “mix and mingle”, where you are encouraged to share in the community excitement of this new project and where “Fostering Friendship” is promoted and encouraged. The April 13th edition of the Springwater News will have an invitation to the general public, but we hope that all of you on the Contact List, and particularly those on the Waiting List, will join us next Monday evening.

Elmvale Arena during the Maple Syrup Festival

Another opportunity to meet our group will be at the 55th Elmvale Maple Syrup Festival on Saturday April 29th. We will have our EASR tent set up and some of our promotional materials will be on display. Drop by our booth and meet some of the folks who have been working on The Elms project since late 2018. We hope to see you at this popular community event!

We continue to encourage you folks on the Contact List to spread the good news about our Retirement Village to your neighbours and friends. Please have them join us at the community events or by consulting our website at www.the-elms.ca. People can also call the Presentation Centre at 705-322-4004 or make direct contact with John Dunn at 705-322-4005 (office), 705-706-3117 (mobile) or via email at jdunn@the-elms.ca.
